Profile

 I have **5+ years of experience** working in Web-development. I have worked on a **multitude successful of web-projects** for a range of clients, my team has been analyzing processes, developing a technical task, and developing a solution.
 My technologies and tools: PHP, PHP Framework (**Laravel/Lumen/Symfony**), Laravel Nova, Redis, Laravel Horizon, RabbitMQ, API Platform, MySQL, PostgreSQL, MongoDB, RESTful API, GraphQL, Pusher, NGINX, Bootstrap, HTML, CSS, JavaScript, JS Framework (**VueJS**), Vuetify, NPM, Webpack, Git, GitHub, Bitbucket, GitLab, Docker, Composer, Bash/Command Line, Chrome DevTools, PageSpeed, Vue DevTools, Xdebug, Postman, PHPStorm IDE.
 As a freelance Full Stack Developer, I collaborate with several web developers in Canada, at the same time maintaining clients in Europe and the USA, also **developed several projects for the Ministry of Defense Ukraine** units. I am currently working in Ukraine. I am always available to discuss your project over the phone or via Skype.
